Catherston Dazzler was the leading British Event Sire according to the World Breeding Federation Rankings 2000. Not only was he ranked 6th in the world but he was the youngest stallion and had the most progeny competing internationally. By the World Bronze Medal winning dressage horse, **Dutch Courage** out of the advanced event mare **Welton Gazelle**, **Catherston Dazzler** carries two of the most influential performance lines available to the serious breeder.

Catherston Dazzler was one of the most talented horses of his time. He had the swing and elasticity so essential to make a top class horse in any sphere and passes these qualities to his offspring. He had 734 Dressage points and represented Great Britain at Grand Prix level both at home and abroad. He was a member of the British European Team and British National Dressage Champion in 1995 with Jennie Loriston-Clarke and then her daughter Lizzie Loriston-Clarke (now Murray) took over the ride and was long listed for the 1996 Atlanta Olympics, Reserve for the 1997 Europeans and won the Hickstead Grand Prix Accumulator that year.

Catherston Dazzler also competed successfully in Eventing being placed 2nd at Borough Court Novice and 4th at Tweseldown Novice in 1991 and won the Dressage with Jumping Championships at the Horse of the Year Show. He won the 1988 and 1989 Masterlock Potential Competition Horse Championships as well as taking the prize for the Best Potential Show Jumper each time.

Catherston Dazzler's sire is the legendary World Bronze Medal winning Dressage Horse **Dutch Courage**, who was in the 1970's, 1980's and 1990's one of the most influential sires of competition horses in Great Britain including International Dressage Horses **Dutch Gold**, **Catherston Dutch Bid** and **Catherston Dazzler**. He sired 6 Graded Stallions and is the Grand Sire of many many more both on the sire and dam sides.

Although now deceased, **Catherston Dazzler** is probably one of the most exciting event sires in the Country, his progeny have competed successfully at the Sydney Olympics, Badminton, Burghley, Fairhill USA, Radnor USA, Rome YR Europeans to name but a few. He has sired 14 Advanced Eventers with many many more competing at the other levels. He has Frozen Semen available for use in the UK and Europe, unfortunately all of his USA semen has been used.
