Opposition Bombshell unfortunately never competed himself due to an accident as a young horse. However he is a valued sire of proven stock, eventing, SJ& BD.

Bombshell is a real head turner with his stunning looks, impeccable manners and the most superb temperament. He has a wonderful kind nature which he certainly passes onto his youngstock, along with exceptional movement, good conformation, a bold and careful jumping technique as well as the very trainable and mellowing attitude to work.

George as he's known has proven to work incredibly well on a variety of mares, improving the quality and temperament. We have found he has worked incredibly well on 'hot' mares and TB. All his stock have the best temperaments to go on to be sporting athletes. He has crossed well on both sporting, heavy, showing & dressage mares. He produces a wonderful engine, strong hind quarter and active hind legs as well as conformationally correct. His youngstock sit you as a rider in a lovely position behind a super turn of front, shoulder and length of rein.
